

What Can We Do For You?

The CRNA community prides itself on giving back to our patients and our community. We are passionate about the health and well-being of all Floridians, inside and outside of our operating rooms!

How Can We Help Your Constituents?

FANA Critical Task Forces

Opioid Crisis Task Force

- CRNAs are uniquely positioned to provide care that will limit first-time opioid exposure and prevent relapse during acute and chronic pain.
- Position Statement - <https://www.fana.org/fana-position-statement-on-the-opioid-crisis>

Maternal and Child Health Task Force

- CRNAs can be a change-agent for lowering cesarean section rates, preventing and managing hemorrhage and stroke, as well as, limiting opioid use in mothers and infants.
- We continue to work with partners, helping at risk mothers, providing narcan kits.

Community Resource: Volunteer Task Force

- CRNAs are passionate about caring for our communities, in the OR caring for our patients and in the community volunteering where we are needed most.
- From public health emergencies to natural disasters, or community projects, *FANA stands ready to give back to the communities we love!*

Do You Have Initiatives?

How can FANA help?

FANA stands ready to give back to the communities we love!

Let's work together on these initiatives, for a stronger, healthier community!
