- Support HB 257/SB 810 and let's utilize all of our independently trained anesthesia providers.
- CRNA's ALREADY have the SAME scope of practice as our physician anesthesiologist colleagues by training, certification, and licensure.
- 43 states don't have supervision language for CRNAs in their nurse practice acts.
- CRNAs can be supervised by ANY physician or dentist in FL.
- Supervision by a physician anesthesiologist has never been required by statute in any state.
